## PROJECTS

GITHUB: [www.github.com/rodrigolee](https://www.github.com/rodrigolee)

### iOS

[Artistry](#) (In production)

A crowdsourcing review app for each employee in a store to show off their unique portfolios. Connected to the YELP api.

[Wishlist](#)

A schedule that allows users to save up for products they want to buy. Can add money to the price of the product until it reaches 100%.

[To-do-list](#)

Personal app that keeps track of my schedule.

### MEAN

[Mini Store](#)

Gives users a template to make their own store. Can integrate Spotify very easily.

### Python/Django

[Course Review](#)

Website that allows users to write reviews about their coursework

[Login and Registration](#)

Login and Registration application made with Django

[Book Review](#)

Website that lets users write reviews about books they read

## PROFESSIONAL EXPERIENCE

### SALES REPRESENTATIVE, THE VAULT

*January 2016 – December 2016*

- Welcomed and helped customers buy clothing and other merchandise. Worked here around 20 hours a week.

### SERVER, SAKE 2 ME SUSHI

*January 2016 – November 2016*

- Catered to and served around 200 people per shift. Worked 35-40 hours a week while going to school.

**SERVER, GEN KOREAN BBQ**

January 2014 – December 2015

- Adapted to the fast-paced culture of Gen Korean BBQ. Served 200-300 people per shift and worked 50 hours a week, while getting my associates degree.

**SALES REPRESENTATIVE, TOTAL BEAUTY SUPPLY**

March 2010 – December 2011

- Helped my mom's store and welcomed around 50-70 customers per shift. Worked the cash register, labeled products, and sold merchandise.
