Administration

PROJECTS

GITHUB: www.github.com/rodrigolee

iOS

Artistry

A crowdsourcing review app for each employee in a store to show off their unique portfolios. Connected to the YELP api.

NBA Playoff Bracket

An app designed to allow users to predict what NBA team will make it to the finals.

Wishlist

A schedule that allows users to save up for products they want to buy. Can add money to the price of the product until it reaches 100%.

To-do-list

Personal app that keeps track of my schedule.

MEAN

Mini Store

Gives users a template to make their own store. Can integrate Spotify very easily.

PROFESSIONAL EXPERIENCE

SALES REPRESENTATIVE, THE VAULT

January 2016 – December 2016

- Welcomed and helped customers buy clothing and other merchandise. Worked here around 20 hours a week.

SERVER, SAKA 2 ME SUSHI

January 2016 – November 2016

- Catered to and served around 200 people per shift. Worked 35-40 hours a week while going to school.

SERVER, GEN KOREAN BBQ

January 2014 – December 2015

- Adapted to the fast-paced culture of Gen Korean BBQ. Served 200-300 people per shift and worked 50 hours a week, while getting my associates degree.

SALES REPRESENTATIVE, TOTAL BEAUTY SUPPLY

March 2010 – December 2011

- Helped my mom's store and welcomed around 50-70 customers per shift. Worked the cash register, labeled products, and sold merchandise.
